“CONTAGIOUS DISEASES (ANIMALS)  
ACT”

NOTICE is hereby given that, by Order in Council No. 2587, approved the 15th day of November, 1950, His Honour the Lieutenant-Governor in Council has been pleased to approve the following regulations made by the Minister of Agriculture under the provisions of the “Contagious Diseases (Animals) Act,” chapter 67 of the “Revised Statutes of British Columbia, 1948”:—

1. In these regulations, unless the context otherwise requires:—

“Act” means “Contagious Diseases (Animals) Act”;

“Poultry” means live poultry of any age or species and raw carcasses or parts thereof;

“Container” means receptacle, package, or equipment which may be used for the transportation of poultry.

2. No person shall transport or carry within the Province any poultry or containers received from the Province of Alberta, the United States of America, or from any other Province or place which the Minister of Agriculture shall hereafter designate as a place where an outbreak of Newcastle disease has occurred, unless the shipment is accompanied by a permit from the Chief Inspector appointed under the Act.

3. No person shall receive or accept delivery within the Province of any poultry or container received from the Province of Alberta, the United States of America, or from any other Province or place which the Minister of Agriculture shall hereafter designate as a place where an outbreak of Newcastle disease has occurred, unless he is the holder of a permit from the Chief Inspector appointed under the Act.

4. The Chief Inspector may grant a permit to any person who produces to him a certificate of health with relation to any poultry to be imported or received into the Province, and signed by an Inspector of the Dominion Health of Animals Division of the Province from which the poultry was shipped or by a veterinary accredited by a State Bureau of Animal Industry in case the poultry is to be imported from the United States of America.

5. The certificate of health shall be in a form satisfactory to the Chief Inspector, and shall state that the poultry is free from Newcastle disease, as proven by serum neutralization or the HI test of the whole flock from which the poultry to be imported came, or any other test satisfactory to the Chief Inspector, and the test shall be made within fifteen days prior to the date of shipment. The certificate shall also state that the poultry to be shipped has not been within 15 miles of any poultry infected with Newcastle disease.

6. The Chief Inspector may grant a permit for the transportation, receipt, or delivery of a container to any person who produces a certificate signed by the officials referred to in the preceding regulation to the effect that the container has been thoroughly cleaned and disinfected against Newcastle disease within seventy-two hours of the time of shipment.

7. No permit shall be issued for poultry vaccinated against Newcastle disease.

8. Every person and public carrier who transports or conveys poultry consigned from any point in Alberta, United States of America, or from any other Province or place which the Minister of Agriculture shall hereafter designate as a place where an outbreak of Newcastle disease has occurred, to any place within the Province, shall upon receipt of such poultry or containers at the point of destination notify the Chief Inspector, Parliament Buildings, Victoria, B.C., that such poultry or containers have been received, and

the notice shall give the name and address of the consignor and consignee and the number and description of the poultry and containers.

9. These regulations shall take effect from the date of their publication in The British Columbia Gazette.

#### DEPARTMENT OF PUBLIC WORKS

##### "BOILER INSPECTION ACT"

**N**OTICE is hereby given that by Order in Council No. 2430, approved November 1st, 1950, the following regulations have been made:—

##### REGULATIONS RESPECTING STATIONARY ENGINEERS

1. In these Regulations the expression:—

- (a) "Act" means the "Boiler and Pressure-vessel Act";
- (b) "Chief engineer" means a certificated engineer who has charge of, and at all times has the full responsibility for the care and management of, the boilers, machinery, and equipment and things connected therewith pertaining to the plant;
- (c) "Engineer" means steam-boiler engineer, stationary engineer, or boiler operator;
- (d) "Examiner" means an Inspector authorized by the Chief Inspector to conduct examinations of engineers;
- (e) "Fireman" means also donkeyman, water-tender, and steam-plant oiler;
- (f) "High-pressure boiler" means a steam-boiler over 3 horse-power with a working-pressure over 30 p.s.i.;
- (g) "High-pressure heating plant" means a steam plant in which no engine is used, and in which the authorized working-pressure exceeds 30 p.s.i. and the capacity of the steam-boiler does not exceed 50 horse-power;
- (h) "Horse-power" means the power of a steam-boiler calculated by taking the square feet of heating surface of the steam-boiler and dividing by 10; and in respect to an electric boiler, horse-power shall be calculated as the kilowatt input divided by 10. In the classification of steam plants the total horse-power of all boilers shall be taken;
- (i) "Low-pressure heating plant" means any heating steam-boiler where all the water of condensation is returned to the boiler by gravity or by automatic apparatus and the maximum working-pressure permitted does not exceed 30 p.s.i. in the case of a steel boiler or 10 p.s.i. in the case of a cast-iron boiler;
- (j) "Minister" means Minister of Public Works;
- (k) "Owner" includes any person who is the owner or lessee of a steam-boiler or pressure-vessel, and the manager or other chief employee in charge of the business of that person;
- (l) "Shift engineer" means a certificated engineer who takes charge of the operation of boilers, engines, and machinery and things connected therewith under the direction of a chief engineer;
- (m) "Steam plant" and "steam-boiler" include all steam-engines, steam-pipes and connections, recipients, digesters, apparatus, and things attached to or connected with or used with reference to any steam-boiler.

2. CLASSIFICATION AND SCOPE OF STATIONARY ENGINEERS.—(a) *A First-class Engineer* shall be qualified to take charge of any steam plant as chief engineer thereof. He shall also be entitled to perform the duties of any stationary engineer.

(b) *A Second-class Engineer* shall be qualified to take charge of a steam plant not exceeding 900 horse-power, and he shall also be qualified to act as second or assistant engineer of any steam plant.

(c) *A Third-class Engineer* shall be qualified to take charge of any steam plant not exceeding 450 horse-power; he shall also be qualified to act as second or assistant engineer of any steam plant not exceeding 900 horse-power. He shall also be qualified to take charge of any low-pressure heating plant.

(d) A *Fourth-class Engineer* shall be qualified to take charge of any steam plant not exceeding 100 horse-power; he shall also be qualified to act as second or assistant engineer of any steam plant not exceeding 450 horse-power. He shall also be qualified to take charge of a low-pressure heating plant up to 200 horse-power.

(e) A *Temporary Certificated Engineer* shall be qualified to take charge of the steam plant mentioned on the face of his certificate and no other.

(f) *Logging-donkey Engineers* shall be qualified to take charge of any steam-boiler used in the operation of a logging camp or a boiler used for hoisting purposes.

(g) *Boiler Operator, Class A*, shall be qualified to take charge of a low-pressure heating plant not exceeding 200 horse-power and a high-pressure boiler used for heating purposes only not exceeding 50 horse-power.

(h) *Boiler Operator, Class B*, shall be qualified to take charge of either of the following, as indicated on his certificate:—

(1) A high-pressure boiler not exceeding 50 horse-power;

(2) A low-pressure heating boiler not exceeding 100 horse-power.

He shall also be qualified to act as second or assistant engineer of a low-pressure heating plant not exceeding 200 horse-power.

(i) A person who is the holder of a *Special Engineer's Certificate* shall be deemed to be the holder of a *Boiler Operator, Class B, Certificate*.

3. **ABSENCE OF ENGINEER.**—(a) *Plant Operating by Shifts.*—When a plant is operated in two or more shifts, the chief engineer shall arrange that a shift engineer holding a certificate not less than one grade lower than that required to operate such plant as chief engineer, according to the registration horse-power, take charge and operate during his temporary absence from the plant.

(b) *Sickness and Holidays.*—In the temporary absence of an engineer due to sickness or holidays an engineer holding a certificate of not less than one grade lower may take charge and operate in his stead for a period not exceeding thirty days. Under special circumstances this period may be extended upon application to the Chief Inspector.

(c) *Absence of Chief Engineer.*—When a steam plant is in operation and the chief engineer absents himself from the boiler, engine, or compressor room while occupied on matters concerning other machinery or equipment of the plant, as defined in the Act, he shall arrange that a person possessing an engineer's certificate of not less than one grade lower than that required to operate such a plant as chief engineer be present and in charge of all boilers and engines.

(d) *Absence of Shift Engineer.*—A shift engineer, when duties require him to leave the boiler-room for more than fifteen minutes while it is operating, shall be relieved by a person possessing an engineer's certificate of not less than one grade lower than that required to operate such a plant as shift engineer.

4. **APPLICATION FOR EXAMINATION.**—(a) A candidate for a certificate of competency as a steam engineer shall, in his own handwriting, complete an application on the form prescribed by the Chief Inspector and forward same to him, together with the prescribed examination fee.

(b) A candidate shall be a Canadian citizen or a British subject, or he shall prove that he has filed with the Court Registrar in any Province in Canada a declaration of intention to become a Canadian citizen. He shall have a satisfactory knowledge of the English language, both spoken and written.

(c) Copies of testimonials certifying to a candidate's character, knowledge, and experience, as prescribed for the particular grade of certificate sought, shall accompany the candidate's application. The originals of such testimonials shall be produced by the candidate at the time of his examination and at any other time on request from the Chief Inspector. Each testimonial shall state the working-pressure and the horse-power of the plant where the candidate worked, and shall be signed by the employer or chief engineer.

(d) Testimonials covering time spent as an apprentice or mechanic in a machine-shop shall deal with the candidate's conduct, ability while employed, nature of work done by him, the amount of time spent on making and repairing steam boilers and engines and on other work, and shall be signed by the employer. Testimonials covering a candidate's period of service as an engineer or fireman shall deal with his experience, ability, and general conduct, and shall be signed by the employer or chief engineer. When testimonials from employers or chief engineers are not procurable, evidence of machine-shop time or service, satisfactory to the Chief Inspector, may be submitted in the form of testimonials from creditable persons having knowledge of the facts.

(e) When machine-shop service has been performed in a place where steam boilers and engines are not made or repaired, but the class of work done is similar to that required in steam boiler or engine making, such machine-shop service may be accepted in lieu of engine-room service, provided the candidate has served at least one year as engineer in addition to that required for the grade of certificate sought.

(f) Maintenance on boilers and engines in a steam plant over 450 horse-power may be considered in lieu of machine-shop service, provided that the class of work performed as maintenance is satisfactory to the Inspector of the district.

(g) An additional three years or more service in a machine-shop engaged in the manufacture or repair of steam boilers and engines may be accepted in lieu of one year's engine-room service. If the candidate has been employed as a draughtsman on the design of steam-power plants and equipment for two years or over, his total period of service while so employed may be accepted in lieu of one year's machine-shop service, provided that in either case the Chief Inspector is satisfied that such service has fitted the candidate for the class of certificate for which the application was made.

(h) Any person who makes or assists in making any false representation for the purpose of procuring for himself or for any other person a certificate of competency shall be guilty of an offence under the Act, and shall be liable, on summary conviction, to a fine not exceeding \$100.

(i) Any certificate of competency granted on improper or insufficient evidence, or through error, shall be forthwith cancelled by the Chief Inspector. If, however, the evidence produced entitles the candidate to a certificate of lower grade, this may be issued to him.

(j) If a candidate fails to pass an examination as to his practical knowledge, he shall not present himself for re-examination until a further three months have elapsed.

(k) When a candidate who is already the holder of a certificate of competency as an engineer under the Act qualifies for a higher grade of certificate, he shall, on request, deliver up to the Chief Inspector his certificate of the lower grade for cancellation.

5. **QUALIFICATIONS FOR CERTIFICATES.**—In addition to the foregoing requirements pertaining to qualifications for a certificate of competency, a candidate shall pass the examination and comply with the qualifications herein prescribed for the particular grade of certificate sought, as follows:—

(a) *First-class Engineer.*—The candidate shall have been in possession of a British Columbia second-class certificate for at least twelve months. He shall have served at least five years as engineer in charge of a shift in a steam plant of not less than 500 horse-power, or he shall have served as a mechanic in a machine-shop on the construction and repairs of steam boilers and engines for three years, and three years as engineer in charge of a shift of a steam plant of not less than 500 horse-power. The period served as assistant chief engineer of a steam plant over 900 horse-power shall be considered equal to that served as shift engineer. A candidate graduated in mechanical engineering from a university or school of tech-

nology, whose standards are approved by the Chief Inspector, and who has been in possession of a British Columbia second-class certificate for at least twelve months, during which period he has been employed as engineer in the practical operation of a steam plant of not less than 500 horse-power, shall be eligible for examination for first-class certificate. The examination shall be both written and oral, and shall be set by the Chief Inspector. Fee, \$15.

- (b) *Second-class Engineer.*—A candidate shall be at least 22 years of age, and he shall have served at least four years as engineer of a high-pressure steam plant of not less than 250 horse-power, or he shall have served as a mechanic at least three years in a machine-shop on the construction or repair of steam boilers and engines and at least two years as engineer of a high-pressure steam plant of not less than 250 horse-power. A candidate who has served six years in a steam plant over 900 horse-power whilst in possession of a third-class certificate, providing that his duties have been of an engineering nature approved by an Inspector, shall be eligible for examination for a second-class certificate. A candidate graduated in mechanical engineering from a university or school of technology approved by the Chief Inspector and who has been employed two years in a steam plant, or one year on the construction or repair of steam boilers and engines and one year in a steam plant as engineer in charge of a shift, shall be eligible for examination for a second-class certificate if such service was in a steam plant of 250 horse-power or over. The examination shall be both written and oral, and shall be set by the Chief Inspector. Fee, \$10.
- (c) *Third-class Engineer.*—A candidate shall be at least 20 years of age, and shall have served at least two years as engineer of a high-pressure steam plant of not less than 50 horse-power or two years as fireman and one year as engineer, or he shall have served four years as fireman in a high-pressure steam plant over 50 horse-power, or he shall have served as a mechanic two years in a machine-shop on the construction and repair of steam boilers and engines and one year as engineer on a high-pressure steam plant of not less than 50 horse-power. A candidate graduated in mechanical engineering from a university or school of technology approved by the Chief Inspector and who has been employed one year in a steam plant, or six months on the construction or repair of steam boilers and engines and six months in a steam plant, shall be eligible for examination for a third-class certificate. The examination shall be both written and oral, and shall be set by the Chief Inspector. Fee, \$7.50.
- (d) *Fourth-class Engineer.*—A candidate shall be at least 18 years of age and shall have served twelve months as fireman or engineer of a high-pressure steam plant over 10 horse-power or of a low-pressure plant over 100 horse-power, or twelve months as a mechanic in the construction or repair of steam engines or boilers and six months' service in a high-pressure steam plant. The examination shall be written and oral, and shall be set by the Chief Inspector. Fee, \$5.
- (e) *Engineer with Temporary Certificate.*—A candidate for a temporary certificate shall furnish evidence by testimonials as to his character and habits of life, and shall be able to pass an examination, oral or written, to the satisfaction of the Inspector regarding the operation of the particular steam plant for which he requires the certificate. Temporary certificates are issued only in cases of emergency when an engineer of the required class is not available, and then only at the request of the plant-owner, who shall

testify as to the candidate's ability. Owner-operators of small steam plants may be issued temporary certificates annually. Fee, \$2.50.

- (f) *Logging-donkey Certificate.*—A candidate for such engineer's certificate shall have had twelve months' experience as engineer or fireman on a steam logging-donkey, and the competency and experience of the applicant shall be certified to by the owner or superintendent of a steam-powered logging camp in British Columbia. The examination shall be written and oral, and shall be set by the Chief Inspector. Fee, \$5.
- (g) *Boiler Operator, Class A.*—A candidate shall be at least 18 years of age, and shall have served at least one year as fireman or engineer of a high-pressure steam plant over 10 horse-power or of a low-pressure heating plant over 40 horse-power. Twelve months' service in a machine-shop on the construction or repair of steam engines and boilers will be considered as equal to six months' service in a steam plant over 10 horse-power. The examination shall be written and oral, and shall be set by the Chief Inspector. Fee, \$5.
- (h) *Boiler Operator, Class B (Low-pressure Heating).*—A candidate shall be at least 18 years of age, and shall have had six months' experience as engineer or fireman in a steam plant over 3 horse-power. The examination shall be written and oral, and shall be set by the Chief Inspector. A candidate who is a bona-fide member of the plumbing and heating trade may be considered eligible for this examination on presentation of satisfactory testimonials that he is experienced in the installation of steam heating systems. Fee, \$5.
- (i) *Boiler Operator, Class B (High-pressure Heating).*—A candidate shall be at least 18 years of age, and shall have had one year's experience as fireman or engineer of a high-pressure steam plant over 3 horse-power. The examination shall be written and oral, and shall be set by the Chief Inspector. Fee, \$5.

6. MARINE CERTIFICATES.—A person who is the holder of a marine engineer's certificate issued by any Government in the British Commonwealth may, at the discretion of the Chief Inspector, be examined for a certificate one grade lower than his marine certificate, providing that his watchkeeping service conforms with the horse-power requirements of the British Columbia certificate sought.

7. CREDITS GRANTED FOR VOCATIONAL, TECHNICAL, AND CORRESPONDENCE COURSES.—(a) *Vancouver Vocational Institute (Steam Engineering Division).*—A candidate who has completed successfully a course in steam engineering will be credited with six month's steam-plant experience toward the certificate covered by the course.

(b) *British Columbia Department of Education.*—A candidate who has successfully completed a correspondence course in steam engineering with the Department of Education will be credited with three months' steam-plant experience toward the examination covered by the course.

(c) *Other Educational Establishments.*—Candidates who have completed steam engineering courses at technical, vocational, or correspondence schools under the administration of other Canadian Provinces or cities may, on presenting the necessary testimonials, be allowed similar credits to those outlined in (a) and (b).

(d) Only one complete credit will be accepted on any application for examination.

8. EXAMINATIONS.—(a) Examination questions shall be furnished only at the time of examination, and shall be surrendered by the candidate before leaving the examination-room. No person shall be allowed in the examination-room during the examination, other than those whose duties require them to be present.

(b) Logarithmic tables and such other data sheets which the examiner deems necessary will be loaned to the candidates. The official tables for

use in the examination are "Mathematical Tables," by C. V. Durell, published by G. Bell & Sons, London.

(c) The use of slide-rules is permitted.

(d) The candidate is allowed six hours in which to complete each question sheet.

(e) If the candidate fails in his first attempt, he may be examined once more for half fee.

9. RULES. — (a) No candidate shall take text-books or other papers into the examination-room.

(b) No copying shall be allowed.

(c) No talking in the examination-room shall be allowed.

(d) No person shall leave the examination-room without the examiner's permission.

(e) Any violation of the above rules, as well as objectionable conduct, shall be considered sufficient reason for the examiner to cancel the examination and fail the candidate, who shall not be allowed to be re-examined for a period of six months.

10. CERTIFICATES. — (a) Temporary certificates are valid only for the period stated on the certificate. All other certificates are granted for life or during good conduct.

(b) If an engineer proves that his certificate has been lost or destroyed, he may obtain a duplicate certificate for a fee of \$5.

(c) Every engineer shall have his certificate framed and protected by glass and keep it posted in the engine or boiler room, and shall remove it when he ceases to be employed in that steam plant.

(d) Upon the recommendation of an Inspector, the Chief Inspector may permit an engineer to take charge of not more than three low-pressure heating plants if, in the opinion of the Inspector, the distance between the plants is not too great for their personal operation by the same engineer, and in that case the posting of the engineer's certificate under subsection (c) shall be in a place directed by the Inspector.

(e) When the classification of a steam plant is changed due to an increase in horse-power or to changed regulations, it shall not be compulsory that an engineer in that plant obtain immediately a certificate of the grade required due to the change in classification, provided that he has been operating in the plant for three consecutive years immediately previous to the change, but he shall present himself for examination within a time-limit set by the Chief Inspector.

11. Certificates are liable to cancellation or suspension:—

(a) If the holder is habitually intemperate or addicted to the use of drugs:

(b) If he operates a plant while he is in an intemperate condition:

(c) If he becomes insane or physically incapacitated.

(d) If he has proven incompetent or negligent in the discharge of his duties:

(e) If his certificate was granted on improper or insufficient evidence or through error:

(f) If he destroys his employer's property through negligence:

(g) If he allows another to operate under his certificate:

(h) If he absents himself from his plant before ascertaining that all machinery is properly shut down and all boiler fires are out or banked, or that he is relieved of his duties by the proper person:

(i) If he fails to report to the Chief Inspector when he assumes charge of a steam plant or vacates his position:

(j) For any other reason considered by the Chief Inspector to be hazardous to the operation of a steam plant.

These regulations shall come into force and effect on and after the 17th day of November, 1950.

## LEGISLATIVE ASSEMBLY

## PRIVATE BILLS

EXCERPT FROM STANDING ORDERS RELATING TO  
PRIVATE BILLS

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in The British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session:

(a) A printed copy of such Bill:

(b) A copy of the petition to be presented to the House:

(c) Copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of three hundred dollars.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

Dated January 5th, 1949.

E. K. DEBECK,  
*Clerk, Legislative Assembly.*
